

Summer Student – Reford Thermal Facility

Cardinal Energy Ltd. is an upstream oil & gas company with assets in Alberta, Saskatchewan, and British Columbia. With a track record of sustainable energy practices and innovation in the oil and gas sector over the past 10+ years, Cardinal Energy is now producing at our Reford Thermal Facility.

Position Overview:

As a Summer Student, you will support the day-to-day operation of the Reford Thermal Facility while gaining hands-on exposure to a SAGD thermal facility. Reporting to the Senior Foreman and working alongside experienced operators, you will assist with routine field activities such as operator rounds, equipment checks, and data collection.

This position is designed as a learning opportunity and development role. Summer students will **not** be relied upon for critical operational tasks and will **not** be responsible for activities such as lockout/tagout (LOTO), permitting, or independent process changes. The focus of the role is learning, exposure, and safe participation in field operations.

This position follows a **7-on, 7-off schedule** and is based out of Reford, SK, located ~19km south of Wilkie, SK.

Experience and Qualifications:

- **4th Class Power Engineering Certificate required**
- Currently enrolled in, or recently graduated from, a Power Engineering, Engineering Technology, or related post-secondary program
- Interest in oil and gas operations, thermal oil, or power engineering
- Strong safety mindset and willingness to follow all Cardinal safety policies and procedures
- Eagerness to learn and take direction from experienced operators and supervisors
- Basic computer skills (Excel, Outlook, Word)
- Ability to work outdoors and in a field environment
- Strong communication skills and ability to work as part of a team
- Valid Class 5 driver's license

Key Responsibilities:

- Assist operators with routine field rounds and equipment inspections
- Collect and record operational data as directed
- Observe and learn steam generation, oil treating, and well operations
- Support housekeeping and general site upkeep
- Participate in safety meetings, orientations, and training sessions

- Shadow operators during troubleshooting and routine maintenance activities
- Communicate observations or concerns to the operations team
- Gain exposure to thermal facility operations while working in a safe and controlled manner

This role offers an excellent opportunity for students interested in building a career in the thermal heavy oil industry. You will gain hands on experience, develop an understanding of thermal operations, and work alongside an experienced operations team in a professional environment.

If you are motivated, safety-focused, and interested in a career in SAGD, we encourage you to apply.

If you meet the above qualifications and are excited about the opportunity please submit your resume and cover letter to: [**Thermal@cardinalenergy.ca**](mailto:Thermal@cardinalenergy.ca) Be sure to include "Summer Student – Reford Thermal" in the subject line of your email.
